**DETAILED ACTION**

***Election/Restrictions***

Applicant's election *with traverse* filed on August 02, 2004 is acknowledged. Since the traverse is found persuasive, the Election/Restriction Requirement (Restriction of Species) dated June 30, 2004 is now withdrawn.

1. Claims 1-32 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The cited art taken either singly or in combination with other prior arts fails to anticipate or fairly suggest the limitations which the Applicant claims in independent claims 1 and 14 in a manner which would warrant a rejection under 35 U.S.C. § 102 or 35 U.S.C. § 103, especially when these limitations are considered within the specific combination claimed.

One of the cited arts, U.S. Pat. No. 6,528,884 to Lopatin et al., discloses the process of forming a copper seed layer on a non-planar surface. This cited art, however, fails to anticipate or fairly suggest, among others, at least the method step of: *while maintaining the surface at a temperature less than about -40° C, depositing a first layer of copper by means of a metal plasma technique*, as recited in claims 1 and claim 14.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 2829
